

Remarks

In the foregoing amendment, the specification was amended to correct for a typographical error in the provisional application serial number to which the instant application claims priority. The provisional application serial number was changed from 60/198,745 to 60/148,745. This change is not believed to introduce new matter. Thus, it is respectfully requested that the amendment be entered by the Examiner. The Examiner is invited to telephone the undersigned representative if it is believed that an interview might be useful for any reason.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
